

1956 – 2006

## 50Years of Achievement

Pitreavie AAC will celebrate its 50<sup>th</sup> birthday in September 2006.

We would like to pay tribute to the many coaches, officials, administrators and, of course, the athletes who have contributed to the club's successes over these fifty years.

Formed by a small group of enthusiasts in 1956, Pitreavie has been at the forefront of developing the sport in West Fife as well as growing to become a major force in Scottish Athletics, catering for the full range of athletic events (Track & Field, Cross Country, Road and Hill Running) for members of all abilities.

We have built our own clubroom with meeting rooms, weights training facility and a café. Members have competed in Olympics, World Championships, World Masters, European Championships, Commonwealth Games, as well as in many British and Scottish teams.

A celebratory dinner has been arranged for September, and we hope that many members and ex-members around the country or abroad will be able to join us, and perhaps renew old friendships, as well as meeting the new generation.

A History of the Club is also planned for publication next year and if anyone has photographs or any other memorabilia which they think would of interest for this , please contact us – see below

We are eagerly looking forward to the next 50 years.
